SOFT SKILLS

- Teamwork & Collaboration
- Time Management
- Leadership
- Effective Communication
- Problem-Solving
- Critical Thinking
- Professionalism

TECH SKILLS

- Python (Basic)
- C (Intermediate)
- Data Structures
- Algorithms
- SQL, MySQL
- Web Development
- Git ,GitHub

LANGUAGES

- Kannada (Mother Tongue)
- English (Fluent)

PROFILE

I'm a 3rd-year Computer Science Engineering student with a strong interest in software development and problem-solving.
Skilled in C, Python, JavaScript, HTML, CSS, and data structures, I enjoy building efficient, user-friendly applications.
I have completed a one-month Python Developer internship and several virtual job-simulation programs (AWS Solutions Architecture, Accenture Nordics Software Engineering, Deloitte Data Analytics).
An active volunteer at the Savishkar National Workshop

EDUCATION

Bachelor of Engineering (CSE) 2023 - 20327

KVGCE SULLIA D K | VTU BEALGAVI

GPA:8.85

PUC PCMCs 2021 - 2023

GSIPUC

PERC:86%

PROJECTS & INTERNSHIPS

Web development intern at Codealpha AUG - NOV 2025

Age Calculator

Developed a responsive web app with HTML, CSS, and JavaScript that calculates a user's precise age (years, months, days) from Code Alpha

Python Developer intern at Codec technologies

AUG - SEPT 2025

AI Sentiment Analyzer

Developed a Python NLP application to analyze social-media posts and product reviews, classifying them as positive, negative, neutral from codec technologies

CERTIFICATES & VOLUNTEERING

- AWS - Solutions Architecture from Forage
- Accenture Nordics - Software Engineering from Forage
- Deloitte Australia - Data Analytics from Forage
- Git in Action (workshop) from KVGCEOSC
- Design Thinking for Begineers from simplilearn
- Data Analysis using Excel from Great Learning
- Event Volunteer at Savishkar National workshop
